

AGCO CORPORATION PRESENTS

POWER UP YOUR LEARNING

JOIN US FOR A HANDS-ON WORKSHOP EXPLORING ELECTRICAL AND MECHANICAL SYSTEMS IN AG MACHINERY

This professional development session is designed for high school ag teachers who want to bring energy and motion to life in their classrooms.

What you'll experience:

- Hands-on circuit building and diagnostics in the Wired for Power session
- Mechanical energy transfer and planetary gear systems in Gearing Up session
- Classroom-ready resources aligned to ag standards and NGSS
- Real-world applications using Massey Ferguson tractors

WHEN: JUNE 20, 9AM-4 PM

WHERE: AGCO TECHNICAL TRAINING CENTER AT PARKLAND COLLEGE, 2400 BRADLEY AVE, CHAMPAIGN, IL
